

# 19<sup>th</sup> International Conference on Molecular Magnetism 2025

October 27-31, 2025 - Bordeaux (France)

## FIRST CIRCULAR

It is our great pleasure to invite you to attend the 19<sup>th</sup> International Conference on Molecular Magnetism (ICMM) to be held in Bordeaux, from October 27<sup>th</sup> to 31<sup>st</sup>, 2025. ICMM2025 is the largest international forum for leading chemists, physicists, materials scientists, and junior researchers to present and discuss the most exciting new developments in molecular magnetism and related fields: molecule-based magnets, molecular nanomagnets, spin-crossover materials, multifunctional and/or switchable materials, nanostructured magnetic materials, molecular spintronics and devices, and other hot topics related to molecular magnetism. Up to 500 participants are expected.

### Conference Chairs

**Rodolphe Clérac, Corine Mathonière** (CRPP, Bordeaux - France), and  
**Guillaume Chastanet** (ICMCB, Bordeaux - France)

### PLENARY SPEAKERS

**Olivier Kahn lecture**  
**Roberta SESSOLI**  
University of Florence, Italy

*Roberta Sessoli is Professor at the University of Florence in Italy and a pioneer in the field of Single-Molecule Magnets. Her interests include the investigation of magnetic molecules, hybrid materials for quantum information and the interplay between chirality and magnetism. She has been awarded of several prestigious prizes and grants over the years.*

**Stefanie DEHNEN**  
KIT, Karlsruhe, Germany

**Mircea DINCA**  
MIT, Boston, USA

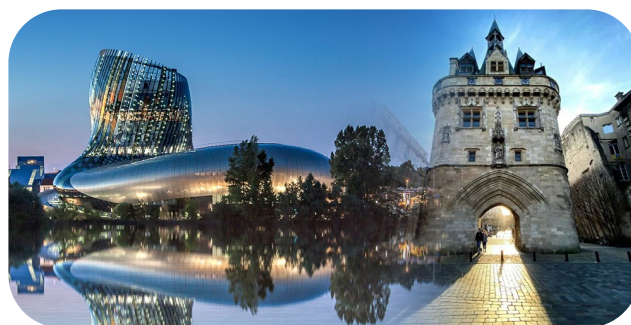

**Eiichi NAKAMURA**  
University of Tokyo, Japan

**Wolfgang WERNSDORFER**  
KIT, Karlsruhe, Germany

### VENUE

Bordeaux, with its dynamic history, is a city with a rich heritage, numerous historic and modern sites and monuments, and a traditional and typically French way of life. Located in the south-west of France, its terroir is renowned for its vineyards. Close to the Atlantic coast, the city is crossed by the Garonne River. A historic city of stone and wine, Bordeaux is also a popular destination for its urban ambience, gastronomy and cultural effervescence.
